

WMA2009

Lahti 28.7.-8.8.

THE RESERVATION FORM / POLES

We have reserved a collection of different poles for the use of pole vaulters and decathletes. We use this Reservation Form to ensure that there will be a pole of your requests, or as close to your wishes as possible, on specific fields. The poles have been marked with a WMA2009 - logo and also the measurements of the pole in meters and the stiffness in pounds is marked on them. The poles can be found prior to the competition at the pole vaulting location on the specific field in a storage / transport cart for poles.

Note! The same pole can be used by several athletes at the same field. Always return the pole to the storage cart after your own use. The poles are not to be taken outside the venues.

Name _____ Country _____

Group _____
